OLD DDUS Creditor Trust  
Robert J. Frezza, Trustee  
Ankura Consulting Group, LLC  
485 Lexington Avenue, 10<sup>th</sup> Floor  
New York, NY 10017

**Tax Information Letter**

**As of December 31, 2021**

This Tax Information Letter relates to the Old DDUS Creditor Trust (the “Trust”). The Trust was established on January 28, 2021, in connection with the bankruptcy proceedings of Dean & Deluca, Inc. and certain of its subsidiaries (“Debtor Corporation”). This Tax Information Letter provides information regarding certain tax items to be reported by you (and other Trust interest holders) (“Beneficiaries”) in your (and their) 2021 Federal and State income tax returns. This Tax Information Letter also describes the tax consequences to you and other Beneficiaries of the formation and establishment of the Trust on January 28, 2021.

**Tax Consequences of the Establishment of the Trust**

Upon the establishment of the Trust, all trust assets were deemed transferred to the Trust on January 28, 2021. For Federal income tax purposes, the transfer of the assets to the Trust will be treated as a taxable sale or other disposition of assets to you and the other Beneficiaries in exchange for your (and their) unsecured claims against the Debtor Corporation in the Chapter 11 cases. A holder of such a claim should in most circumstances recognize gain or loss equal to the difference between the “amount realized” received by such holder in exchange for its claim and such holder’s adjusted basis in the claim.

The “amount realized” is equal to the sum of the cash and the fair market value of any property or other consideration received in the exchange.

The accountants for the Trust have calculated that the total amount of cash deemed transferred to you and the other Beneficiaries was \$ 4,670,668. The other property received by the Trust and therefore deemed distributed to you and the other Beneficiaries is certain rights to litigation claims. The Trust has estimated the fair market value of such rights to be approximately \$150,250. (The Trust believes that any value beyond that amount would be too speculative to determine. In a Federal tax audit, however, the Internal Revenue Service could

disagree and take the position that the value of such litigation claim should be materially higher.) The Trust therefore believes that the total "amount realized" treated as received by you and other Beneficiaries is a total of \$4,820,918. To arrive at your share of the amount realized, you should multiply such total amount by the percentage of the Trust units you hold.

The tax basis of a holder in an unsecured claim will generally be equal to the holder's cost therefor. However, if on a tax return for a tax year prior to 2021 you have claimed a worthlessness deduction or otherwise have taken such tax basis as a loss, then your current tax basis in your claim would generally be zero dollars (\$0).

To the extent applicable, the character of any recognized gain or loss (that is, ordinary income, or short-term or long-term capital gain or loss) will depend upon the status of your claims, the nature of the claim in your hands, the purpose and circumstances of the claim's acquisition, and your holding period of the claim.

A holder of a claim that is not a U.S. person for federal income tax purposes generally will not be subject to U.S. federal income tax with respect to property (including money) received in exchange for the claims as described above in this paragraph unless (1) such holder is engaged in a trade or business in the United States to which income, gain or loss from the exchange is "effectively connected" for United States federal income tax purposes, or (ii) if such holder is an individual, such holder is present in the United States for 183 days or more during the taxable year of the exchange and certain other requirements are met, or is present in the United States for a certain period based on a three-year look-back period.

After being treated as receiving a proportionate share of the Trust's assets, each Beneficiary is treated as contributing to the Trust such share of assets and receiving in exchange Trust interests ("Units") that correspond with the amount of allowed claims of such Beneficiary.

## **2021 TAX ITEMS**

The Trust is treated as a grantor trust for federal and state income tax purposes. As such, the Trust itself is not subject to Federal income tax. Instead, the Beneficiaries are considered grantors of the Trust, and as such are treated for income tax purposes as if they hold a direct interest in an allocable pro rate share of each asset and liability of the Trust. In addition, each Beneficiary is treated for income tax purposes as recognizing an allocable portion of each tax item of Trust income and deduction ("Tax Items") as if the Beneficiary recognized the Tax Items directly, regardless of whether the Beneficiary received a cash distribution.

This Tax Information Letter provides information regarding the Trust Tax Items to be reported by Beneficiaries in their 2021 U.S. Federal and State income tax returns. The 2021 OLD DDUS Creditor Trust Tax Worksheet for U.S. Federal Income Tax Purposes for Beneficiaries of Trust Units for the Year Ended 12/31/21 (the "Tax Worksheet") reflects the allocation by Unit of Tax Items using the accrual method of accounting.

OLD DDUS Creditor Trust  
March 28, 2022

In general, a Beneficiary that held all of its Units for all of 2021 since the time of the establishment of the Trust would calculate its allocable share of each Tax Item by multiplying the number of Units held by the Beneficiary by the Tax Item amount per Unit. Beneficiaries that acquired Units after January 28, 2021, or that sold Units before December 31, 2021, may have a different calculation. A Beneficiary's taxable income depends in part on the Beneficiary's tax basis in its Units (which information the Trust does not have) and thus its indirect tax basis in the Trust's assets. A Beneficiary that did not acquire its Units as of January 28, 2021, may have a different tax basis in its share of the Trust's assets than the tax basis used to determine the final Tax Items. All Beneficiaries should seek advice from their own tax advisors based upon their particular circumstances as to the calculation of their Tax Worksheet for U.S. Federal income Tax Purposes.

The Old DDUS Creditor Trust Tax Worksheet for U.S. Federal Income Tax Purposes for Beneficiaries for the Calendar Year 2021 is as follows:\*

	Amount per unit**	Taxable Income/(Expense)
Interest Income	0.000084	\$ 2,590
General and Administrative Expense	.0.025466	(\$787,867)

\* The Old DDUS Creditor Trust is not filing state tax returns.

\*\* Amount per unit is based upon total units of 30,937,924 as of December 31, 2021.

*In the near future the Trust will be mailing to you and other Beneficiaries an equivalent of Internal Revenue Service Schedule K-1, which will show your share of the above total taxable income and expense amounts of the Trust for tax year 2021.*

### **2021 AND MARCH 2022 DISTRIBUTIONS**

The Trust did not make any distributions to holders of Units in 2021.

The Trust intends to make, at or about the end of March 2022, a distribution to the Beneficiaries whose claim exceeds \$5,000 of about 10 cents per unit, which is expected to total about \$2,401,989.

In March 2022, distribution payments will be made to Beneficiaries that provided the required Internal Revenue Service Form W-8 or Form W-9 tax form (as applicable). If you do not receive any such distribution and did not provide the required Form W-8 or Form W-9, to receive your share of distributions, please send the applicable Form W-8 or W-9 tax form to [teamdeandeluca@stretto.com](mailto:teamdeandeluca@stretto.com).

## **FUTURE TAX CONSIDERATIONS**

The Trust may treat a portion or all of its distributions as US source Income that may be subject to withholding for non-United States Beneficiaries until the cumulative amount of litigation and similar type recoveries received by the Trust has been distributed.

## **OVERVIEW**

The Trust is treated as a grantor trust for United States federal and state and income purposes. As such, the Trust itself is not subject to federal or state Income tax. Instead, Beneficiaries are considered the grantors of the Trust and are treated for Income tax purposes as if they hold a direct interest in an allocable pro rata share of each asset and liability of the Trust.

In addition, each Beneficiary is treated for income tax purposes as recognizing an allocable portion of each Tax Item as if the Beneficiary recognized the Tax Item directly, regardless of whether the Beneficiary received a cash distribution.

The Trust's Tax Items are determined with respect to Beneficiaries that acquired their Units in the initial distribution as of January 28, 2021. Each Beneficiary has unique tax attributes which will determine the Beneficiary's United States tax reporting obligations and related tax liability, if any, related to its allocable share of Trust Tax Items as well as Trust distributions.

The Trust does not provide tax advice. Each Beneficiary should seek advice from its own tax advisor as to the tax characterization, reporting obligations and tax liability, if any, related to its allocable share of the Trust's Tax Items and distributions received from the Trust.

## **TRUST TAX REPORTING**

Consistent with the Trust Agreement and in accordance with applicable law, the Trust provides Beneficiaries with tax information on an annual basis in connection with the Trust's filing of its annual tax returns. The Trust is not required to provide Beneficiaries with an IRS Form K-1 or Form 1099. The Trust provides a Tax Information Letter for U.S. Federal Income Tax Purposes and a Tax Worksheet for Beneficiaries. The Tax Worksheet for Beneficiaries provides the Trust's Tax Items by type, on both a per Unit and an aggregate basis. In the near future the Trust will be mailing to you and other Beneficiaries an equivalent of Internal Revenue Service Schedule K-1, which will show your share of the total taxable income and expense amounts of the Trust for tax year 2021.

## **TRUST TAX ITEMS**

The Trust's Tax Items may include capital gain or loss, ordinary income (including interest income, litigation recoveries, client recoveries, restitution, and miscellaneous other income) and general

OLD DDUS Creditor Trust  
March 28, 2022

and administrative expenses. The Trust does not believe that it has recognized any income that would constitute trade or business income (or unrelated business taxable income or income that is effectively connected to the conduct of a trade or business in the United States, though such characterizations may depend in part on each Beneficiary's unique tax attributes).

### **SUBJECT TO WITHHOLDING**

The Trust's litigation recoveries, client recoveries, restitution and certain miscellaneous other income may be treated as US source income for non-United States Beneficiaries subject to withholding at a 30% rate (or lower applicable treaty rate). The Trust does not have the necessary information concerning the identity and tax status of its Beneficiaries to withhold any required tax when it *receives* income. Therefore, tax withholding is determined at the time of any distributions from the Trust. The Trust reports all distributions as first sourced to US source income that is subject to withholding, to the extent not reported to Beneficiaries as part of prior Trust distributions. Once the cumulative amount of all such US source income (if any) has been distributed to Beneficiaries, the Trust reports any additional distributions as amounts not subject to withholding (though such characterization may depend in part on each Beneficiary's unique tax attributes).

The Trust will distribute the gross amount of the distribution to creditors or their assignees and anticipates that any required tax withholding will be effected by United States brokers (or other nominees). The amount of the Trust's Tax Items, and the amount of its US source income subject to withholding are determined with respect to Beneficiaries that acquired their Units as of January 28, 2021. Each Beneficiary has unique tax attributes and should seek advice from its own tax advisor as to the tax treatment and reporting of Trust distributions received.

If tax had been withheld from a distribution to a Beneficiary who believes that it is not subject to United States federal income tax or that the tax withheld is in excess of its United States federal income tax liability, the Beneficiary may be able to file a timely United States tax return to request a refund for any withholding tax in excess of its United States federal income tax liability.

### **TAX BASIS OF UNITS FOR INITIAL HOLDERS**

Each Beneficiary is treated as owning an allocable pro rata share of each asset of the Trust. Generally, for a Beneficiary that acquired its Units from the Trust in the initial distribution (that is, upon the establishment of the Trust) as of January 28, 2021, the tax basis of the Beneficiary's Units, and thus the Beneficiary's tax basis in its share of the Trust's assets, would be the value of the Units received upon that initial distribution, increased or decreased by the Beneficiary's allocable share of the Trust's Tax Items and distributions, regardless of whether the Trust's Tax Items were reported to the Beneficiaries as income.

The Trust's Tax Items are determined with respect to Beneficiaries that acquired their Units in the initial distribution. Each Beneficiary should consult with their own tax advisors as to the consequences of the cancellation of Units on their tax basis.

### **TAX BASIS OF UNITS FOR SUBSEQUENT HOLDERS**

OLD DDUS Creditor Trust  
March 28, 2022

A Beneficiary that did not acquire its Units from the Trust in the initial distribution as of January 28, 2021, may have a tax basis in its Units (and therefore a tax basis in the Trust assets attributable to such Units) that differs from the tax basis of a Unit acquired from the Trust as of January 28, 2021. Such difference may affect the Beneficiary's taxable income and loss from holding Trust Units, which may differ from the Tax Items as determined and reported by the Trust, which determination is made with respect to Beneficiaries that acquired their Units in the initial distribution.

A basis difference as described above could affect the Beneficiary's taxable income and loss from holding Trust Units, as well as the amount of US source income subject to withholding, because the basis difference in Units generally will also result in the Beneficiary having a tax basis in its share of the underlying Trust assets that differs from the basis that the Trust uses in computing its taxable income and loss. A Beneficiary with a basis difference should consult its tax advisor as to whether and how any adjustments should be made as a result of such differing basis to the per Unit Trust items of taxable income and loss as reported by the Trust for the periods during which such Beneficiary holds its Units.

In general, that may depend, in part, on the determination as to which Trust assets for liabilities the basis differential is attributable and how to calculate the recovery of basis that is allocable to multiple assets of the same class, such as the litigation claims. For example, a Beneficiary whose per Unit adjusted tax basis exceeds that of a Unit acquired from the Trust as January 28, 2021 may conclude that the excess basis is attributable to the Trust's litigation claims and that therefore, its per Unit share of the income recognized from the specific litigation recoveries is less than that reported by the Trust.

Each Beneficiary should consult with their own tax advisors as to the consequences of the cancellation of Units on their tax basis.

THIS LETTER IS NOT INTENDED TO AND DOES NOT PROVIDE TAX ADVICE RELATING TO THE HOLDING OF TRUST UNITS. EACH BENEFICIARY SHOULD SEEK TAX ADVICE BASED ON ITS PARTICULAR CIRCUMSTANCES FROM ITS OWN TAX ADVISOR. THIS LETTER MAY NOT BE USED OR QUOTED IN WHOLE OR IN PART IN CONNECTION WITH ANY OFFERING OR SALE OF SECURITIES.
